PROFESSIONAL SUMMARY

Motivated software candidate with hands-on technical foundation in Python, JavaScript, SQL, HTML. Proven experience delivering practical applications including Movie Success Prediction System, with a strong commitment to clean code, continuous learning, and scalable solutions for Frontend Developer opportunities.

TECHNICAL SKILLS

Programming Languages: JavaScript, Python

Frontend: HTML, HTML5, CSS, CSS3, React, Bootstrap

Tools & Version Control: Git, GitHub

Databases & Query: SQL, SQLite

Backend: Node.js

AI & Machine Learning: Machine Learning, Scikit-Learn

Data Science & Analytics: Pandas, NumPy

TECHNICAL PROJECTS

Student Portfolio & Campus Portal | *HTML, CSS, JavaScript, React, Git* |

Frontend Web Development Intern – Apex Web Solutions (June 2024 | August 2024)

- Collaborated with agile engineering team to implement responsive landing pages using HTML, CSS, and JavaScript. Improved web accessibility standards across 12 product pages.

[https | //github.com/alexkumar-dev/movie-success-pred](https://github.com/alexkumar-dev/movie-success-pred)

- Engineered an end-to-end predictive pipeline analyzing historical box office metrics and sentiment scores to forecast opening weekend film revenue.

[https | //github.com/alexkumar-dev/campus-portal](https://github.com/alexkumar-dev/campus-portal)

- Designed and deployed a responsive web portal allowing campus students to track study clubs, browse events, and share peer notes.

[https | //github.com/alexkumar-dev/air-quality-ml](https://github.com/alexkumar-dev/air-quality-ml)

- Built regression model to predict particulate matter air quality index (PM2.5) across urban sensor stations using Python.

Movie Success Prediction System | *Python, Machine Learning, Scikit-Learn, Pandas* |

Air Quality Prediction Model | *Python, Machine Learning, NumPy, Scikit-Learn* |

EXPERIENCE & INTERNSHIPS

EDUCATION

Bachelor of Technology in Computer Science – Apex Institute of Technology (2021 - 2025, GPA: 3.8 / 4.0) – University

CERTIFICATIONS

- Meta Front-End Developer Professional Certificate – Coursera

- Python for Data Science and Machine Learning – Udemy

ACHIEVEMENTS & CODING PERFORMANCE

- First Place Winner – Apex Hackathon 2024 (Team of 4)

- Completed 250+ algorithmic problem solutions on LeetCode (Rating: 1680)

- Dean's Honor List for Academic Excellence (Consecutive semesters: 2022-2024)
